

SHAPING MINDS + GUIDING HEARTS

Dear St. Martha School Families,

I was deeply saddened to hear the recent news about St. Martha School, a wonderful community of families and teachers that I was so proud to be a part of for five years. I can imagine what a difficult time this is for all of you and I'm so sorry that you are faced with a change that will greatly impact your family's life. I know that you value a Catholic education for your children and are exploring the best options for them to continue their spiritual and academic development. I wanted to reach out to you today to share with you some information about Corpus Christi School (CCS) in Wethersfield in hopes that you might consider it as an option for your child/children.

I would like to welcome you and your families to our school community. Speaking from personal experience, I can assure you that the students, families, and faculty of CCS are warm, kind, faith-filled people who have a deep love for their school. Corpus Christi School has been part of the community for the past fifty-nine years and continues to be one of the most vibrant Catholic schools in the Archdiocese. There are multiple classes for every grade with an average size of 16 students per class to ensure the best experience possible. The amazing faculty love coming to work each day which is reflected in high staff retention rates. They are also committed to provide the help your child needs to succeed. Here are some interesting facts about our school:

- We are proud to be a Blue Ribbon School in the Exemplary High Performing Category.
- Our strong faith is reflected in School Masses, Recitation of the Rosary, and Social Action projects.
- Our students have outstanding test scores and are consistently performing in the top tier. ([Click here](#))
- We are conveniently located off Interstate 91, just a few minutes from Hartford.
- Our large preschool program provides a loving, nurturing environment for 3 and 4 year-old students.
- We have a large variety of extracurricular activities including School Band, Lego Club, Robotics, Cheerleading, Basketball, Soccer, and Arts & Crafts, just to name a few.
- We have reasonably priced before and after care programs for students.

- Financial aid is available to qualifying students.
- Our STEM program provides students with hands-on technology experience.

I also wanted to share that we will honor your St. Martha School tuition rate for this upcoming school year. We invite you to hear what our students say about our school in [this video presentation](#). Since all schools in the state are closed due to the quarantine, we can't offer tours right now. However, as soon as we are allowed to open, we would love for you to come tour the school and meet our faculty, students and families.

If you'd like more information, please contact Coleen Antico at cantico@corpuschristischoolct.org or 860-214-9082. If you are interested in filling out an application for next year, please [click HERE](#). We know this is a difficult time and we will do our best to help you get through it.

Peace,
Ann T. Sarpu
Principal
